For

## LEE COUNTY BOARD

DISTRICT 2, LEE COUNTY, IL

*“The lack of insight and foresight will obligate a people to the rewards of hindsight!”*

*I am Bob Logan, candidate for election to the Lee County Board, District 2 that encompasses the eleven townships of central and eastern Lee County including the rural areas and the communities of Paw Paw, Steward, Lee, Compton, West Brooklyn, Sublette, Ashton, Lee Center and my hometown, Franklin Grove. I have served on the Franklin Grove Village Board since 1991, and as Mayor since 1993. I served on the Lee Center District 271 School Board from 1991 through 1999, and 13 years as vice chairman of the Lee County Plan Commission.*

*My wife Cindy and I have four young adult children, Rebekah, Rachel, Ruth, and Robbie. We live at 137 N. State Street, Franklin Grove. I currently work in residential services to the developmentally disabled at Kreider Services of Dixon. From 1986 thru 2003 I owned and operated Discount Tractor Supply serving the farm tractor and machinery parts needs of the small farmers of northern Illinois and the upper Midwest. As early as 1988 our business had served farmers in 35 states and 203 Illinois communities.*

**FINANCES:** *I am fiscally conservative and believe expenditures for operational purposes should be driven by revenues. I support a balanced budget resolution. I believe that wind farm permit fees should be used for responsible studies, inspections and enforcement rather than a slush fund to cover over-spending, irresponsible money management and faulty budget projections.*

**LEADERSHIP:** *I believe in persuasive principled leadership, to the benefit of all the people of Lee County rather than a power politics that panders to the desires of a select, inside, informed minority. You thought Crony Capitalism was a Washington problem; travel no further than the county seat, crony capitalism lives!*

**LANDFILL:** *I believe Lee County is obligated to keep its commitments to the people of the county by using landfill money for capital projects as promised. I oppose a 2nd landfill because the county has an exclusive contract with Republic. Looking into the contract should have taken place before they signed it, not now!*

**INTEGRITY:** *I believe taxes and user fees should provide money for necessary government operations. Honest and responsible decision making will provide the county board needed integrity and trust for increases when necessary. People should have all the government they are willing to pay for, no more, no less!*

**OPEN GOVERNMENT:** *I am a strong proponent of open government and have always conducted governmental affairs in an open and candid manner. I oppose the current adversarial attitude characteristic of our county board against our citizens. I have never forgotten it's your business and not mine I am elected to take care of. I have the courage to be a catalyst for change in the Old Lee County Courthouse.*
